Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.History Under the Influence looks at world leaders from 336 B.C. to the 21st Century and the effects drugs and alcohol had on their decision making while holding power. Their decisions were made during times of war and peace that impacted the lives of millions. John F. Kennedy acted in key moments during this presidency under the influence of amphetamines which had long lasting ramifications through the 20th century. His use of amphetamines is related to the building of the Berlin Wall and may have played a part in the Cuban Missile Crisis. Between 1941-1945, Adolf Hitler was prescribed more than 70 medications, including amphetamines and cocaine. Toward the end of his life and the end of the European theater of World War II, Hitler displayed physical symptoms that some relate to him suffering from Parkinson s disease. Others argue they re also symptoms of heavy amphetamine use. Germany s defeat in World War II was made by bad strategic planning on Hitler s part, which may have been fueled by drug use prescribed to him by his personal physician. Winston Churchill and Joseph Stalin were functioning alcoholics before, during and after World War II. Churchill has also been thought to have taken amphetamines during World War II to help him stay awake during long nights during the war. Stalin was responsible for the deaths of millions of Russians during the Great Purges. Some argue that his murderous decisions were fueled by his alcohol use, while others suggest he may have been clinically insane. Richard Nixon drank heavily and may have been under the influence of the drug Dilantin, which is an antiepileptic drug. Nixon was not epileptic...
