## THE FORMLESS EMPIRE: A SHORT HISTORY OF DIPLOMACY AND WARFARE IN CENTRAL ASIA

DOWNLOAD

Westholme Publishing, U.S. Hardback. Book Condition: new. BRAND NEW, The Formless Empire: A Short History of Diplomacy and Warfare in Central Asia, Christopher Mott, Central Asia, a vast region extending from eastern Russia and across Kazakhstan, Uzbekistan, Turkmenistan, Afghanistan, Tajikistan, Kyrgyzstan, Mongolia, and western China, has its own tradition of foreign policy rooted in the ancient nomadic culture of many of its peoples as well as the region's distinctive geography. From the thundering hooves of Mongol or Cossack cavalry across the steppes to the clanking of tanks on parade in Moscow or Beijing, elements of this system still cast a shadow on the region at the heart of Earth's largest continent. By tracing the evolution of Central Asian warfare and diplomacy through a series of historical examples, ranging from the ancient Xiongnu people and medieval Mongol Empire to the fall of the Soviet Union, historian Christopher Mott argues that the original system of informal relationships, indirect rule, and rapid military movement did not entirely fade from the region with the eclipse of the nomadic powers during the Middle Ages. In fact, many states like China, Iran, and Russia had already been influenced by nomadic people, and in so doing adapted their own diplomatic and military policies accordingly. The Formless Empire: A Short History of Diplomacy and Warfare in Central Asia is an engaging study of the nature of non-Western imperialism and great-power strategy. In addition, the book demonstrates that regional histories can show us the variety of political possibilities in the past and how they were adapted to changing circumstances—a point made even more important by the rapid changes facing global security with the rise of ISIS and other new forms of empire building.
