

Famous Mathematicians: Primary Maths Activities

By John Davis

Questions Publishing Co Ltd. Mixed media product. Book Condition: new. BRAND NEW, Famous Mathematicians: Primary Maths Activities, John Davis, This book provides an essential resource for teachers, and for parents keen to try practical maths tasks with their children at home. The book contains illustrated biographies of ten influential mathematicians, plus clear explanations of their theories and ideas. Photocopiable activities focus on problem solving and investigation, while differentiated activities support and extend groups within the class. A key vocabulary is available for use during maths lessons, plus a list of resources required to carry out tasks. There are links to the aims of the NNS for KS2, although the book can also be used effectively at KS3. Cross-curricular links, include the history of ancient civilisations, science, philosophy and astronomy.

Reviews

Extensive guide! Its such a excellent read. This can be for anyone who statte that there was not a worth looking at. I am just effortlessly will get a satisfaction of looking at a written publication.

-- **Melvin Hettinger**

This book will not be effortless to start on reading through but very exciting to learn. It is amongst the most remarkable book i have got go through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
