The Entertainment Industry is making millions off of our love for them. Ever wonder why? It's because these two fictional characters represent two very real male archetypes. These are two very different types of man that we all secretly want, and so we're hooked, we want a vampire and a werewolf. It's what I call the Vampire-Werewolf Complex. This book shows you the very real behavior associated with each type of fictional monster. After determining which monster your man is, through a very simple checklist process, you'll be able to unlock the method of living harmoniously with him, attracting him, and keeping that attraction alive. Make the Vampire-Werewolf Complex work for you.
