A MIDDLE ENGLISH STATUTE-BOOK PART I

[DOWNLOAD](#)

Universitätsverlag Winter Nov 2014, 2014. Taschenbuch. Book Condition: Neu. 234x159x20 mm. Neuware - Statute-books have been described as one of the most popular forms of secular literature in medieval England, and are the commonest form of medieval legal literature still extant. The statute-books all differ as to the choice and ordering of their contents, which generally include not only a selection of the statutes, but also a variety of related legal material aimed at explaining and illustrating them. The unedited Rawlinson MS B 520 is just such a compilation. Dating from the early years of the fourteenth century, it is the only known ME version of a medieval statute-book containing the *statuta antiqua*, that is, legislation dating from Magna Carta to the end of Edward II's reign. Some 200 Latin and Anglo-Norman versions of these statute-books are still extant, but the most recent edition of almost all of the statutes goes back to 1810. This two-volume edition of Rawlinson MS B 520 will include statutes, memoranda and mnemonic notes (ff. 1r 54v) in Vol. I, tracts (ff. 54v 97r) in Vol. II. 199 pp. Englisch.
