Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Place-Names of Wiltshire: Their Origin and History No branch of English philology seems of late years to have aroused such great interest as the study of place-nomenclature, and, if one were to judge from the many works that have been published on this subject, the science in question ought to be at a comparatively advanced stage. A closer investigation of these works, however, will show that a great part of them by no means satisfy the claims of strict scholarship. As far as one can see, the study of English place-names has to a certain extent fallen into the hands of persons who have not sufficient knowledge of philology to be able to fulfil their task in a satisfactory way. It is also indisputable that this study to a great extent encourages dilettantism. Two general points in which English place-name scholars have laid themselves open to criticism are the following: 1) the importance of the dialects as a factor in the development of the names seems entirely neglected; 2) insufficient attention is paid to geographical and topographical considerations. Moreover, many scholars content themselves with an inadequate collection of material, which naturally must also affect the reliability of their conclusions. On the other hand however, it is evident that in this subject there are many points which are too difficult and uncertain to be settled, in spite of all attempts at thoroughness. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing...
