S. goals of the confrontation with North Korea are to prevent the proliferation of weapons of mass destruction and to prevent an attack - either nuclear or conventional - on the United States or on its allies in the region. The options available to U. S. policymakers to pursue these goals include the acceptance of North Korea as a nuclear power, bilateral or multilateral negotiations, heightened legal and economic pressure on North Korea, adoption of a regime change policy through non-military means, military action or threats, and withdrawal from the conflict. This item ships from La Vergne, TN. Paperback.
